# TRACTOR RADIAL

- Guaranteed true running and driving comfort up to 50 km/h
- Wide contact area for up to 4000 hours
- More and wider lugs in grounds and extended wear compound for durability
- Excellent driving on and off-the-road
- Good self-cleaning abilities due to special angle lugs
- Round shoulders for superior ground protection.
- Robust and stable tyre with **excellent price to performance** ratio.

# FLOTATION RADIAL

## *AGRO GRIP*

- High load capacity
- 65 km/h approval
- Excellent self-cleaning properties for safe driving on and off-the-road
- Low ground compaction
- Especially suitable for transport on paved roads
- Low rolling resistance for fuel saving and comfortable ride
- Extended wear compound for enhanced tyre lifetime

Size	Pattern	Rating
560/60 R22.5	AGRO GRIP	161 D
600/50 R22.5	AGRO GRIP	159 D
710/45 R22.5	AGRO GRIP	165 D

# FLOTATION RADIAL

## *Implement Low Pressure Tyres*

FL

FL-1

FTA

- Tubeless flotation tyre offers good self-cleaning characteristics
- Suitable for all agricultural implements especially for towed vehicles
- Offers high load capacity at low inflation pressures thus preventing damages to fields and crops
- Tyre for on and off the road agricultural services on trailers, tractors, and large implements.
- It offers enhanced durability from the strong casing and construction compounds.

Size	Pattern	Rating
500/60 R22.5	FL-1	155 D
560/60 R22.5	FL-1	161 D
710/45 R22.5	FL	165 D

# IMPLEMENT TYRES

F302

F303

F304

- Popular tread developed for implements and trailer soil tillage and transport application
- Ideal for modern farming under all conditions and suitable for a wide range of applications
- The construction ensures good stability in the field and off the road situations
- Tough casing construction offers special resistance to damage from impact.
- Robust and stable tyre with **excellent price to performance ratio**

Size	Pattern	Rating
10.5/80-18 (280/80-18)	F302	14 PLY
11.5/80-15.3 (300/80-15.3)	F302	14 PLY
15.0/55-17 (380/55-17)	F303	14 PLY
19.0/45-17 (480/45-17)	F304	14 PLY

# SKID TYRES

Size	Pattern	Rating
10-16.5	SKID	10 PLY
12-16.5	SKID	12 PLY

# EARTHMOVER TYRES

**DNRS**

- Tyres for large loaders and scrapers.
- The massive cross lugs and wide ground contact tread provide excellent traction, wear and cut resistance.
- Better resistance to heat build-up than E-4 tyres.

**SLP**

- Premium deep tread specially designed for loaders, 250% deeper tread than E-1/L-3. Specially designed protrusions in the tyre shoulder for cut resistance to protect the sidewall from cuts and penetration in rocky area and avoid early damage.
- Offers ride stability without losing traction capacity.
- Suited for more severe working conditions, such as power construction, open-pit mine, quarry, construction.
- Longer life than regular L-3 and L-4.

Size	Pattern	Rating
37.5-33	DNRS	42 PLY
29.5-35	DNRS	20 PLY
37.25-35	DNRS	42 PLY
29.5-25	SLP	28 PLY

# LOADER / DOZER

*SS L-4S IND4*

- A superior industrial tyre where maximum width and extra-deep tread is imperative.
- This strong nylon construction tyre with special tough wearing tread rubber provides increased resistance to cut and wear and an extended tyre life.
- Suited for low speed and short haul operations.

Size	Pattern	Rating
18.00-25	SS L-4S	40 PLY

# ROAD CONSTRUCTION

**GRADEMAX**

Tyres for graders.

Its directional lugs provide good traction on loose soil.

**MP**

Suitable for road services, industrial and construction equipment, such as vibrating compactors, etc.

The "diamond" design lugs provide excellent traction and flotation on loose and soft soil.

Size	Pattern	Rating
23.1-26	MP	12 PLY
14.00-24	GRADEMAX	12 PLY

# CONSTRUCTION TYRES

**TUL 300**

**TUL 400**

- Tyres for loader and earthmover.
- Scientific tread net-gross ratio provides supreme traction.
- TUL 400 provides extra deep tread pattern prolongs service tyre.
- Round under tread design effectively prevents cracking.

Size	Pattern	Rating
15.5R25	TUL 300	E3/L3
17.5 R25	TUL 300	L3
20.5 R25	TUL 300	E3/L3

29.5 R25	TUL 400	E4

# MINING TYRES

**TUE 400**

**TUE 402**

- Tyres for dump truck.
- Unique tread pattern design equips tyre with excellent traction.
- Special curing procedures generate reliable final product.
- High-tensile specialized wire.
- Six unique customized compounds to suit all working environments.

Size	Pattern	Rating
21.00R33	TUE400	E4
33.00R51	TUE400	E4
24.00R35	TUE400	E4
